

Canine6

Certified 6-Hour Colostrum Supplement

PLACE YOUR ORDER 1.888.617.8733 / www.anovite.com • SPECIFICATION SHEET – Caring for the ones you love!

COLOSTRUM IS MOTHER NATURE'S FIRST FOOD FOR MAMMALS: Our organic colostrum is sourced from happy & healthy, grass fed, USDA Grade A Cows. Containing “Whole Food” natural growth factors & over 95+ immune factors, all of your essential factors, metabolic factors, & the vitamins our four-legged family members require for wellness.

- Our colostrum is never defatted, it's a pure & complete whole food.
- Our natural Chymosin coating protects and ensures bio-availability.

CANINE6 FORMULA: Intended as a protein, vitamin and mineral supplement for puppies and adult dogs alike. High-quality protein, calcium, vitamins and minerals are often limited in commercial diets, but Canine6 Formula can fill the gaps. The colostrum proteins are rich in nutrients and immune factors that are designed to help puppies during the crucial weaning time and serve as an effective adult supplement.

GENERAL INFORMATION: Canine6 Formula delivers immune support; helps with digestion and nutritional intake, and overall health and wellbeing that translate to a healthier, happier dog. As a replacer or nutritional supplement for dogs of any age, Canine6 Formula provides rich bovine colostrum, natural probiotics, vitamins, and minerals in every scoop.

GENERAL COMPONENTS: Canine6 has all 87+ Natural Growth Factors, over 100+ Immune Factors, all Essential Factors; Fatty Acids, Amino Acids, and Glyconutrients, plus all the Metabolic, Vitamin and Non-Essential Factors necessary for your four-legged family member to maintain a balanced system.
