

THE EXPENSE TRACKER

LIVE RICH. SPEND SMART.

The on-demand expense reporting solution trusted by more direct selling organizations than any other.

Thousands of direct selling agents have automated their expense management process with The Expense Tracker, the worldwide leader in Expense Management and Digital Storage Systems. Manually documenting business expenses can cost your business thousands in forgotten or improperly recorded deductions. Automation with our on-demand expense management system is not only considered a best practice, it also:

- **Increase Recruiting** – stop selling and start sharing the reasons why you can't afford not to be in a home based business due to all the tax deductions available to educated entrepreneurs.
- **Improve Retention** – operating your business on The Expense Tracker system will allow you to locate cash hidden within your business that will far out way your cost of operating your business, thus making it a win-win venture.
- **Increase Profitability** – if you are not making money in your home business now, it is because you are not maximizing the tax incentives afforded to home based business owners by the IRS. The Expense Tracker system will allow you to identify personal expenses that can be deducted through your business, making you net positive in your business from day one.
- **Audit Protection** – The Expense Tracker system will assist you in maintaining IRS compliant records while digitally storing them for 7 years. You no longer need to fear the IRS; we believe that you should pay your fair share of taxes, but not a penny more.

The Expense Tracker system streamlines the business deduction and expense reporting process with our on-demand voice capture expense management software whereby effectively automating and eliminating the manual, paper-based process. With The Expense Tracker's expense management and digital storage system, expense tracking doesn't have to be a tedious, time-consuming process anymore.
