THE OPTIMAL COMBINATION

Although many supplements contain probiotics, which promote a healthy balance of gut bacteria and have been linked to health benefits including weight management support, digestive health, and healthy immune system support, we didn't stop there!†

Our Pre-biotic matrix, including aloe vera gel extract and fulvic and humic acid and minerals, works with the Pro-biotics to stimulate positive bacteria growth, and optimize gut conditions.†

And, our Plus-biotic matrix includes digestive wheat, which helps reduce harmful bacteria and nourishes beneficial bacteria.†

Our Pro-biotics, Pre-biotics, and Plus-biotics work together to support your optimal digestive balance!†

The UltraSupport™ line of health supplements includes Vitamin ADK, Vitamin B12, Vitamin C, Glutathione, Magnesium, Zinc, and Biotix, our revolutionary blend of PRE-biotics, PRO-biotics, and PLUS-biotics!
